My dear Sir

I can get no tidings  
whatsoever of the boy you  
kindly sent - to sail as you  
said in the middle of Dec  
last. Would you therefore  
be so good as to enquire for  
me by what ship it was  
sent off and to whom  
consigned - I cannot get  
any answer from Messrs  
Wilmer and Smith of  
Leicester and the boy is  
far too valuable to be

neglected

I find I have made one  
or two blunders among the  
Californian plants of the  
Voy. of the Sulphur which  
I shall correct in N. Y. Boston.  
One very ridiculous one is  
owing to the gentleman  
who corrected the press  
in the first instance and  
which I did not perceive  
in correcting the second  
which is Vitis and Viticera  
for Vitis and Vitium

Yours very truly  
George DeCannon
